Dear Sirs,

We are very pleased with the bathroom installation you provided for us.

From the planning stage, when expert and unbiased opinions helped us to choose the right components, to the execution, when your craftsmen made a superb job of fitting the units and tiling the walls, the whole job was completed to our entire satisfaction and within the estimated time.

We are still drawn to admire the room at every opportunity.

We would have no hesitation or reservations in recommending your company to any prospective customers.

Yours faithfully,

M.C. & J.A. Edwards
